Molten to Supply Official Match Ball for the 2018-19 UEFA Europa League Knockout Stage

F5U5003-K19

Molten Corporation (headquarters: Hiroshima, Japan; president & CEO: Kiyo Tamiaki), a manufacturer of competition-quality sports balls and equipment, will supply the official match ball designed exclusively for the 2018-19 UEFA Europa League Knockout stage to be held in Europe from February 14 to May 29, 2019. This is per the agreement between Molten and the Union of European Football Associations (UEFA), and the ball will be used in all matches from the round of 32 up to the final. The official match ball and a replica models will be available for purchase in select markets from December 18, 2018.

The official match ball was adapted from Molten's flagship football model, the Vantaggio 5000. Molten's unique thermal bonding technology enhances shape retention and minimizes water absorption, resulting in an exceptional performance regardless of conditions. The textured surface reduces turbulence around the ball while it is in flight, optimizing ball control. The "energy wave", which features the UEFA Europa League brand identity, has been integrated into the design. The energy wave represents the collective desire of the players, staff and fans to take on new challenges within the league and dynamically advance towards victory. It also embodies illustrations of the trophy and stadium of the final match as the base pattern.

Molten will continue to develop and supply football products of outstanding function and design to every level of player, and work to fulfill the brand promise, "For the real game."

■ Product Features

1. Superior Performance

1-1. ACENTEC structure

Molten's unique thermal bonding technology produces a smooth, seamless cover that cannot be accomplished by hand sewing. The result is a uniform surface and reduced water absorption, ensuring exceptional performance that is not affected by weather conditions. (F5U5003-K19)

1-2. Surface that enhances the flight stability

The dimples on the surface of the ball reduce turbulence and stabilize it while in flight. This enhances ball control, resulting in more accurate passes and shots. (F5U5003-K19)

Dimples on the ball surface

2. Exclusive Design for the League

The UEFA Europa League “energy wave” brand identity represents the journey of the clubs throughout Europe, expressing the highs and lows of the thrilling adventure. The energy wave has been integrated into Molten’s signature style to create a unique and exclusive design and laid out to increase visual recognition.

■ Product Overview

		Official match ball	UEFA Europa League 2018-19 Knock Out Stage Replica
